OFFICE POLICIES AND PROCEDURES

Welcome

Below is information about my practice, which will help you get started with an initial evaluation and, possibly, treatment. Please take a moment to read over the following information about my policies and complete the forms prior to your first appointment (you may fax, email or bring them with you to your first appointment). By scheduling an initial appointment you are entering into an agreement for me to provide a psychiatric evaluation service to you and in exchange you agree to abide by the policies and procedures outlined below (e.g. paying for this or future appointments even if missed, not disturbing other patients in the waiting room, etc)

Initial Evaluations. An initial evaluation for generally takes 90 minutes if the new patient forms are completed and returned in advance of your appointment. These include two types of documents, in PDF format: Administrative and New Patient: History. These provide me with an overview about your medical and social history and improve the efficiency of your first visit. Please understand that the aim of this initial session is to provide an assessment of your mental health needs and to determine the best available treatment options, which may include referral to another provider. *The evaluation is not an agreement that I will take you on as a patient.*

Location: I have relocated my practice from UCLA-Westwood to Santa Monica, effective September 1st, 2012. I am now conveniently located at 2730 Wilshire Blvd, Suite 325, at the southeast corner of Wilshire Blvd and Harvard street (two blocks past 26th street)

Parking Metered street parking is often readily available. However, for convenience you may also choose to park in the building's private underground lot, at an additional parking charge (enter from Harvard street)

Directions

Malibu: Proceed south of the PCH. At the Santa Monica Pier bear left onto I-10 East. Use Exit 1B to exit onto 20th st. Turn left onto 20th street, then right onto Wilshire Blvd.

Downtown LA-Pasedena: Take 110 South to I-10 West. Use Exit 1C "Cloverfiled Blvd/26th street". Turn left onto Cloverfield then bear left onto 26th Street. Turn right onto Wilshire Blvd, your destination will be two blocks ahead on the right side.

San Fernando Valley: Take the 405 South (East) to I-10 West. Use Exit 1C "Cloverfiled Blvd/26th street". Turn left onto Cloverfield then bear left onto 26th Street. Turn right onto Wilshire Blvd, your destination will be two blocks ahead on the right side.

Beverly Hills, Century City, Brentwood, Westwood, Bel Air: You may prefer to use local streets to get here. Please keep in mind that during busy times of the day Google maps is not always correct. Wilshire Blvd is usually preferable to Santa Monica Blvd because the timing of the traffic lights on the latter slows down the flow of cars.

When you arrive: Once you enter the building take the elevator to the third floor, then turn right and proceed to the end of the hallway. Once inside the waiting room, press the light next to the nameplate for Eric Wexler, M.D. to alert me that you have arrived

Appointments: Ongoing psychotherapy sessions are scheduled weekly and last 50 minutes. Medication management (pharmacotherapy) visits are scheduled for 25- or 40-minute appointments, depending upon your needs. The appointment time is reserved for you so it is important that you are on time. If you are late, your appointment may still conclude at the end of your scheduled appointment time. If significantly late, you may have to reschedule your appointment and will be charged my usual fees.

48-Hour Cancellation Policy (Including initial visit) The scheduled appointment time is reserved specifically for you/your child and this is your time. Therefore, if you are unable to keep an appointment, please be sure to cancel at least 48 hours in advance or you will be charged my usual fee for that session. Please be aware that insurance companies generally do not reimburse for a cancelled session. For urgent appointment, those scheduled less than 48 hours prior to the appointment; you are responsible for the full initial visit fee. Similarly, if you terminate a visit prior to its scheduled end time you are still responsible for the full visit fee. In other words, you are paying to reserve my time in exchange for my expertise and advice, how you choose to use it is your choice and I respect it.

Payments and Reimbursement Payment of fees is expected at the time of service; methods of payment include credit card (Mastercard Visa AMEX or Discover), cash or check. ACH or wire transfers are reserved for payment of larger fees.

Services are billed at a rate of \$400/hr. These rates apply only to "doctor-patient" type service and do not apply to forensic services (e.g. evaluations, testimony in court or by deposition, expert consulting) or other business-type consulting. Any discounts are predicated on the patient maintaining a valid credit card on file in perpetuity or a retainer of \$200 (refundable upon termination), to insure against non-payment of future visits.

I reserve the right to charge on a "time-spent" basis, not on a per service basis. In other words, at my sole discretion, I will charge you based on how much time I spend on <u>your</u> care, not necessarily the time I spend talking with you. By extension this includes any time spent communicating with other providers of medical or legal services (e.g. conference calls, written reports, depositions). Consultations of significant length occurring between office appointments are billed at the same rate as an office visit, independent of their mode of communication. "Significant" is defined at my sole discretion; however, I often waive fees for individual phone calls less than 5 minutes, fewer than 2 calls per week and total time spent less than 15 minutes between visits. "Calls" are defined as any form of communication, including, but not limited to telephone, video, email, written letter, preparation of written reports, etc. The final charges billed to you are rounded up or down to the nearest 5 minutes. I reserve the right to "bulk or bundle-bill," the practice of pooling time spent on several small matters into a single charge (e.g. if you call me 6 days in a row and each call last 4 minutes, I will charge you for 30 minutes (6 calls rounded up to 5 minutes each).

Insurance. I am not on insurance panels, and would be considered an "out-of-network" provider under the terms of your insurance policy. If you elect to seek reimbursement from your insurance company for my services, I will provide a monthly statement that you can submit to your insurance company. You are responsible for collecting reimbursement from your insurance company or other funding source, and for negotiating any claims. You are solely responsible for payment of your medical care, regardless of what your insurance company agrees to reimburse. If you seek reimbursement and your insurer send the reimbursement check to me I will void the check and return it to the insurer. I cannot accept these checks and transfer the money to you because of the financial (and administrative) liability incurred – I apologize for this inconvenience.

Disclosures to carriers: Most insurance companies require information about your diagnosis, the type of service provided, the date of the session, and fees. I will include this information on your statement, at your request. In some cases, insurance companies require that the physician send information about the patient's diagnosis and treatment plan, progress reports, and other records. Almost all insurance companies state that they will keep this information confidential, but I cannot assure this. For example, some may share the information they receive with a national medical information data bank for the purposes of deciding eligibility for future life, disability, health, and other insurance. Before I send any information to an insurance company, I will talk with you first, discuss the information to be provided, and obtain your written permission to do so. You have a choice about whether to release medical information requested by an insurance carrier, but if you refuse to have information released, most insurance programs will not reimburse for services.

Prior Authorizations: More and more often insurance carriers are either denying coverage of medications outright or requiring "Prior Authorization or PA." I cannot guarantee that a medication I prescribe will be covered by your insurance plan. I will make a reasonable effort to obtain prior authorization of your prescription, but I cannot guarantee it, nor can I devote unlimited resources towards doing so. I will complete any physician-mandated forms, however, I (staff) cannot spend HOURS on hold waiting for a clerk at the carrier to fax the forms to me. (Naturally, if you have them faxed to me at 310-919-1919 I will complete them and fax them back to the carrier)

Record Keeping I maintain a clinical chart for each patient, as required by the standards of my profession. Information in the chart includes a description of you/your family member's condition, diagnosis, treatment and progress. An entry is made for each appointment, as well as for phone communications. I keep records of any consent, information release, assessment, insurance documents, outside treatment/testing, and other records completed or collected during the course of treatment. Clinical records are kept in a locked cabinet and/or as password-protected files. Information contained in this record will not be released without your written consent except in the circumstances outlined below and as explained in the Notice of Privacy Practices.

Confidentiality Information shared between patient and provider is strictly confidential, with certain exceptions required by law. You hold the privilege of deciding with whom I may disclose information about evaluation and treatment. If you would like for me to share information with other providers, therapists, school officials, or other persons, please fill out an Authorization for Release of Information for each person/entity with whom you would like me to communicate.

I will release information only with your written permission with the following exceptions:

- 1) suspected abuse or neglect of a minor, elder or dependent individual;
- 2) a patient is in imminent danger of harming him or herself or another person;
- 3) a patient communicates a serious threat of physical violence against another person;
- 4) a parent or guardian is unable to adequately provide for a child's basic needs;
- 5) records are ordered to be released by a judge or court; and/or
- 6) as otherwise required by law.

Prescriptions It is my policy to only write and refill prescriptions for psychotropic medications when you/your child is seen in person at a scheduled appointment. In emergency cases, I may authorize medication refills by phone or fax to your pharmacy, but generally I like to see my patients for regular, at least monthly, appointments. If you need a prescription called in before your next regular appointment, please give me at least a week to process your request. This will prevent any interruption in your medication use. It is best to contact your pharmacy directly when you need a medication refill, and they will fax me a refill request form.

Phone Calls If you need to reach me between appointments, please call 310-744-5102 and leave a message with your telephone number, even if you think I have it, and some times when you may be reached. Phone consultations lasting over 5 minutes are subject to a fee (See *Payments and Reimbursement* above). Please consider the need for a more immediate appointment if a longer conversation is necessary.

E-mail Correspondence You are welcome to send non-urgent information to me by e-mail, but I cannot guarantee the confidentiality or security of e-mail correspondence (for example, from hackers) despite my use of password-protected electronic mail.

Video Conferencing. Video sessions (e.g. Skype) are inherently less secure than face to face meetings. For example the popular services record sessions on their servers. By requesting a video session you are (1) acknowledging the higher probability that others may gain access to personal information about you, and (2) waiving certain rights and protections under HIPPA, and (3) giving your active consent to have your protected health information (e.g. name, voices, life details) recorded by me, by the video service conferencing service; thereby effectively releasing this information to all parties affiliated with me or the video conferencing service.

Text Messaging "Texting" is not HIPPA compliant (1) Text messaging it is NOT encrypted, (2) Text messaging cannot show full audit trails of when the messages are received and read, and (3) Text messaging cannot ensure priority delivery; a message about a patient in critical condition could be in queue behind a teenagers "haha" text message. Therefore, text messaging is not appropriate for communications related to your clinical information, including, but not limited to your diagnosis, treatment plans, medications, lab results, side effects or symptoms, etc.

Urgent or Emergency Issues I will do my best to respond to phone calls as soon as possible; however, I do not provide urgent, crisis or emergency services. In the event of an urgent need outside of an appointment, please contact your child's pediatrician, the local emergency room, crisis intervention services, or call 911. On the occasion that I am away from my practice, I will inform you in advance and the message on my voicemail will direct you to the doctor providing coverage for my practice.

Ending Treatment You may withdraw from treatment at any time. I recommend that we discuss a plan to terminate care before doing so, so that we have the opportunity to discuss further treatment recommendations, any potential risks for ending treatment at that time, and referral options if they are needed.

If you have any questions about these policies or any of the information above, I would be happy to discuss them with you in further detail. Thank you.

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE READ IT CAREFULLY.
